Summary

Aspiring Software Engineer — Python Developer — Django Fullstack Developer — Front-End Enthusiast

I am a passionate and detail-oriented software developer with hands-on experience in building responsive, user-friendly web applications using Python, Django, HTML5, CSS3, and Bootstrap. Recently graduated with a strong foundation in computer science, I have sharpened my skills through real-world projects, continuous learning, and effective team collaboration. I am eager to contribute to dynamic tech teams and build scalable, user-centric software solutions.

Core Skills
